Energy-Saving Actions

Annual
Savings

<input type="checkbox"/>	Upgrade to LED Lights. Swap up to 15 old lights for energy-saving LEDs for FREE at an Empower SLC light swap (84116 & 84104 zip codes only): www.empowerslc.org	\$12 (per light)
<input type="checkbox"/>	Install 4 More FREE LEDs by ordering a Rocky Mountain Power "Wattsmart Starter Kit": wattsmartkits.com .	\$12 (per light)
<input type="checkbox"/>	Insulate and Air Seal for FREE through ThermWise in 84116 & 84104 zip codes: www.energyexpertsusa.com (Limited time program!)	\$130
<input type="checkbox"/>	Adjust your Thermostat. At night or while you're away set your thermostat to 60°F during the winter and 78°F during the summer.	\$30
<input type="checkbox"/>	Replace your Furnace Filter at least every 3 months to help your furnace and AC work more efficiently.	\$32
<input type="checkbox"/>	Low-income: Apply for Weatherization and Efficiency Improvements through Utah's Weatherization Assistance Program: www.utahca.org/weatherization/	Varies
<input type="checkbox"/>	Install Low Flow Showerheads. Look for "Water Sense" EPA labeled products that use less than 2 gallons per minute (gpm).	\$18
<input type="checkbox"/>	Reduce Shower Time to 5 Minutes. Need help? Get a shower timer to stick to the side of your shower.	\$22
<input type="checkbox"/>	Use an Evaporative Cooler & House Fans Instead of A/C. This can cut your cooling cost by up to 75%!	\$161
<input type="checkbox"/>	Cold Water Detergent and Setting for Clothes Washer. It takes a lot of energy to heat water to wash clothes. Using cold water will also clean your clothes more effectively and help them last longer.	\$92
<input type="checkbox"/>	Use Power Strips to Eliminate Vampire Electricity Loads. Plug TVs, cable boxes, gaming systems and other major electronics into a power strip you can turn off at night.	\$96
<input type="checkbox"/>	Get a Home Energy Audit and make at least one energy-saving update. https://www.thermwise.com/home-energy-plan/	Varies
<input type="checkbox"/>	Seal up Drafty Windows with Plastic Window Film for the Winter Months. You can buy a window film kit at most hardware stores.	Varies
<input type="checkbox"/>	Upgrade your Appliances with high efficiency and Energy Star models. Apply for rebates at www.thermwise.com & www.wattsmarthomes.com .	Varies
